## About the FSMC Senior Care Management Program

FSMC Senior Care Management Services is a **free** program which makes learning about and connecting to resources for seniors as simple as one-stop shopping. The goal of the program is to empower seniors by providing them with information and options that will help them remain independent in the community.

FSMC's Senior Care Management Services are part of the statewide NJ EASE Care Management Program, and services are offered free of charge. Family Service specifically provides care management to those who live in the southeastern portion of Morris County. Those residing outside this area will be referred to the Senior Care Management Service provider for their area.

## What Can FSMC Senior Care Managers Do for You?

A Senior Care Manager can help seniors access information about resources or help connect them with services such as home-health care, managing finances, assistance with every day tasks, home delivered meals or locating an assisted living center.

Senior Care Managers perform **free** comprehensive assessments with each senior that calls for help in southeastern Morris County.
